The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, contact Moda Health at www.modahealth.com or by calling 1-855-425-4543. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-855-425-4543 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	For Tier I (Salem Health Hospitals & Clinics and facilities): None; for Tier II (Connexus network): $500 individual / $1,000 family; for Tier III (Connexus network): $750 individual / $1,500 family; most out-of-network providers are not covered. Services by Tier IV providers apply to Tier III deductible.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Examples of some services: Tier II and Tier III preventive care, most urgent care facility charges, office visits for outpatient mental health and substance use disorder, as well as Tier II and Tier III diabetes services, ambulance, and prescription medications are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For Tier I $2,500 individual / $5,000 family in a calendar year; for Tier II $3,250 individual / $6,500 family; for Tier III $4,000 individual / $8,000 family; most out-of-network providers are not covered. Services by Tier IV providers apply to Tier III out-of-pocket limit.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, expenses incurred due to brand substitution and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.modahealth.com or call 1-855-425-4543 for a list of network providers.	You pay the least if you use a provider in Tier I (Salem Health Hospitals & Clinics and facilities). You pay more if you use a provider in Tier II or Tier III (Connexus network). You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
