

High Performance Formulary

An evidence-based pharmacy formulary that works for you

For medications not listed, Moda Health provides an online drug price check tool for members. You can access this resource by logging in to your myModa account at modahealth.com and choosing the Pharmacy tab.

What is the High Performance Formulary?

The High Performance Formulary is a pharmacy program that offers a choice of medications that are safe and effective treatments. The program provides value to Moda Health members by saving them money on prescription medications.

How does the program work?

This program uses a tiered copay/coinsurance system. Members and their doctors can choose between the value tier, select tier, and preferred tier. Each tier has a different copay/coinsurance amount and what you pay depends on your plan. Refer to your Member Handbook or call Moda Health for plan details or specific medication tier information.

Who makes decisions about medications on the prescription drug list?

The list is developed and maintained by a group of doctors and pharmacists called the Pharmacy and Therapeutics Committee. These doctors and pharmacists are not employed by Moda, but may see patients who have Moda coverage. The Committee makes decisions based on information about a medication's safety, effectiveness and associated clinical outcomes.

For more information about our High Performance Formulary, please visit modahealth.com/oeBB or call us toll-free at 503-265-2911 or 866-923-0411.

How to read your prescription drug list

Refer to the chart below for a list of prescription medications covered under the High Performance Formulary. Medications that are new to the market are subject to a review period. Please contact us if you are taking a medication that is new to the market.

Medication Tier Key		Medication Restrictions Key	
CAPITAL LETTERS	Brand name medications	AMSP	Ardon Mandatory Specialty Pharmacy Program – You must access these specialty medications through the exclusive Ardon Health Specialty pharmacy. All specialty medications require a prior authorization before they can be dispensed. To enroll with Ardon Health Specialty Pharmacy, call toll-free at 855-425-4085.
small letters	Generic medications	LMSP	Lumicera Mandatory Specialty Pharmacy Program – You must access these specialty medications through the exclusive Lumicera Specialty pharmacy. All specialty medications require a prior authorization before they can be dispensed. To enroll with Lumicera Specialty Pharmacy, call toll-free at 855-847-3553.
Preventive	Preventive medications are covered under the Affordable Care Act and considered preventative medications. They may be covered at no cost to you. Certain restrictions may apply.	SF	Split Fill – These medications are limited to two 15 day fills per month for the first 3 months of therapy.
Value	Value tier medications means those medications that include commonly prescribed products used to treat chronic medical conditions, and that are considered safe, effective and cost-effective to alternative medications.	ST	Step therapy – You must try one or more “first line” medications before you can get this step therapy medication.
Select	Select tier medications include generic medications that are safe, effective and represent the most cost-effective option within their therapeutic category, as well as certain brand medications that have been identified as favorable from a clinical and cost-effective perspective.	PA	Prior authorization required – Your healthcare provider must work directly with Moda Health to obtain approval before we can process payment for a specific medication.
Preferred	Preferred tier includes brand name medications that have been reviewed by Moda Health and found to be clinically effective at a favorable cost when compared with other medications in the same category.	QL	Quantity limits – Some medications have limits to how much you can get per prescription or refill.
Generic Specialty	Generic Specialty tier medications include generic specialty medications that are safe, effective and represent the most cost-effective option within their therapeutic category.	SMKG	Smoking Cessation – Smoking cessation medications are in the preventive tier and covered at no cost to you. Certain restrictions may apply.
Preferred Specialty	Preferred Specialty tier medications are specialty medications have been reviewed by Moda Health and found to be clinically effective at a favorable cost when compared with other medications in the same category.	VAC	Vaccine Program – Certain immunizations and related administration fees are covered at no cost to you if received at in-network retail pharmacies.
OTC	Over-the-Counter – Medications may be purchased without a professional provider’s prescription. Moda Health follows the federal designation of OTC medications to decide if an OTC medication is covered	LD	Limited Distribution – You must access these specialty medications through the exclusive specialty pharmacy indicated. All specialty medications require a prior authorization before they can be dispensed.

This list of medication authorizations changes periodically. To learn about a medication's prior effective date, request authorization or see if your medication needs it, please contact our Pharmacy Customer Service team.

Search Tip:

This is a large document, but you can search quickly and easily by clicking on the binocular icon on your toolbar or using the CTRL+F search function from your keyboard. It will then display a search box for you to type in the name of the drug you want to locate. If you do not know the correct spelling, you can start your search by entering just the first few letters of the name.
