

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). | Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible? | Tier 1: \$5,950 individual / \$11,900 family. Tier 2: \$5,950 individual / \$11,900 family. Tier 3: \$11,900 individual / \$23,800 family. | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible? | Yes. Tier 1 and Tier 2: preventive care services are covered before you meet your deductible . For all Tiers: children's routine eye exams and glasses and value medications are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | Tier 1: \$7,300 individual / \$14,600 family. Tier 2: \$7,300 individual / \$14,600 family. Tier 3: \$45,000 individual / \$90,000 family. | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit? | Premiums , balance-billing charges, penalties for failure to obtain pre-authorization and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |

| Important Questions | Answers | Why This Matters: |
|--|--|--|
| Will you pay less if you use a network provider ? | Yes. See www.modahealth.com or call 1-888-873-1395 for a list of network providers . | This plan uses a provider network . You pay the least if you use a provider in Tier 1. You pay more if you use a provider in Tier 2. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
