MEDICAL REPORT TO BE COMPLETED BY THE ATTENDING PHYSICIAN			
Dates pertaining to this condition: I attended patient for the current disabling medical problem or condition from _____ to _____ (dates); Date of disability onset: _____			
Did the disability begin prior to the child reaching 26 years of age and exist If a subscriber has a child who has sustained a disability rendering him or her physically or mentally incapable of self-support, that child may be eligible for coverage even though he or she is over 26 years old. Mental incapacity means intellectual competence usually characterized by an IQ of less than 70, and physical incapacity means the inability to pursue an occupation or education because of a physical impairment. To be eligible, the child must be unmarried and principally dependent on the subscriber for support. The incapacity must have arisen before the child's 26th birthday and the child must have had continuous medical coverage.			
ICD-9 Disease Code, Primary (required) or DSM IV Code(s), if any:			
Statement of symptoms and clinical findings (Physical or Psychological/Psychiatric):			
Review the Functional Assessment of Activities of Daily Living (ADLs): For the skills you are aware of indicate the patient's degree of physical and mental disability. Using a scale of 1 to 10 indicate on the appropriate ADLs. One (1) indicates the ADL is not affected by the patient's disability. A ten (10) indicates the patient is completely disabled in the ADL skill or ability. These functional disabilities limit the Patient's capacity for self-support.

Based on your examination, please select the appropriate statement, A, B, or C:
A. The patient DOES NOT have a disability or the current disability DOES NOT render him or her incapable of self-support.

B. The patient's current disability DOES render him or her incapable of self-support, but the disability should resolve or improve sufficiently for the patient to be capable of self-support by (projected date)_____. Please make some estimate, including month and year, of when the condition is likely to improve or resolve.

C. The patient's current disability is of permanent or extended duration and, consequently, the patient is not and will not be capable of self-support within the foreseeable future (e.g., more than five years).

I certify that, based on my examination of the patient, the above statements truly describe the patient's disability and his or her capability of self-support, and that I am a _____ (specialty)
