

## Group Size Determination Form

For group medical plans purchased outside of the SHOP marketplace, this form must be completed for all new and renewing groups to determine whether a group qualifies as a small employer.

Moda Health must treat an employer as a small employer if the employer has at least one but not more than 50 employees on average during the preceding calendar year and has at least one employee on the first day of the plan year.

Controlled and Affiliated Groups:

**Are you a Controlled Group?**

If you are a controlled or affiliated group of employers as described under subsection (b), (c), (m) or (o) of section 414 of the Internal Revenue Code of 1986, Moda Health must treat all employees within the affiliated group as a single group for purposes of determining group size. You must fill out one group profile form for the entire controlled group. If a controlled group is determined as a large employer, each affiliated employer is part of the large employer even if separately the employer would not meet the definition of large employer. Therefore each affiliated employer is considered a large group for the purpose of group size determination.

Employee Counting Instructions:

- a) Total the number of employers working 130 hours for each month of the preceding calendar year.
- b) Total the number of hours worked by employees working less than 130 hours for each month of the preceding calendar year, but do not include more than 120 hours per employee in a month and divide by 120. This is your Full Time Equivalent (FTE) count of the preceding calendar year.
- c) Add the numbers from a and b together and divide by 12. This is your group size.

When counting employees to determine group size, do not count a sole proprietor, a partner in a partnership, a 2-percent S corporation shareholder, the spouse of a person who is a sole proprietor, a temporary, seasonal, leased or contracted employee, a retired employee, or a former employee on continuation coverage.

### SECTION A

**Is this an employee only plan?**

**1. On average, how many full time employees did the employer have during the preceding calendar year?** Total the number of employees working 130 hours or more for each month of the preceding calendar year and divide by 12.

**2. On average how many Full Time Equivalent (FTE) employees did the employer have during the preceding calendar year.** Total the number of hours worked by employees working less than 130 hours for each month of the preceding calendar year, but do not include more than 120 hours per employee in a month and divide by 120. Then divide the total number by 12.

**3. Total employee count (for determining group size) (#1+#2)**  
If less than 1, no Oregon small group exists. If more than 50, the group is a large group and not eligible as an Oregon small group. If 1 to 50, the group is a small group.

**4. How many employees does the employer expect to have on the date coverage will take effect?**  
The employer must have at least one employee on the date coverage will take effect in order to be issued small group coverage.

**5. How many employees will be eligible for coverage?**

**6. Out of the number of eligible employees indicated in question #5, indicate the number of employees not eligible for coverage due to *group's eligibility rules*:**

**7. Total number of group eligible employees (#5 - #6):**
