

Dental Member Handbook and Provider Directory

Oregon Health Plan

May 2012

WELCOME

We are pleased you have selected ODS as your Oregon Health Plan (OHP) managed dental plan. ODS and its providers want to give you the best possible care.

It is important that you know how to use your dental plan. This handbook tells you about our program and how to get dental care. We'll also give you tips on getting the most out of your dental plan.

Here, you'll learn about the two dental plans available through the OHP — Plus and Standard — and how the Plus plan is different for members under 21 years old and pregnant women. To find out which plan you have, please contact ODS OHP Dental Customer Service.

For a complete list of ODS participating dentists and denturists, see the provider directory at the end of this handbook.

Your ODS OHP Dental Member Handbook is not complete without the Oregon Health Plan Client Handbook. The state of Oregon will send you the OHP Client Handbook on request. It gives you important information that may not be covered in the ODS handbook. To ask for a copy, call 800-273-0557 (TDD/TTY: 711). You can read it online at <http://www.oregon.gov/OHA/healthplan/clients/main.shtml#handbook>

GETTING STARTED

Choosing a primary care dentist (PCD)

Your ODS OHP dental plan is a managed care plan. You need to choose a clinic or dental office as your primary care dentist (PCD). Your PCD will work with you to take care of your dental needs. Call your PCD before seeking dental care. See the provider directory or call Customer Service for your PCD's phone number.

Your PCD will:

- Provide all of your routine and primary dental care
- Arrange for specialty care when needed
- Write prescriptions (only for dental needs)
- Keep your dental records

Do not wait until you are in pain to call a PCD. Call your PCD's office and tell them you are an ODS member and have selected them as your PCD. Ask about office hours and how to get help after hours when you have an emergency.

If you have not seen a dentist for more than six months, make an appointment when you first become an ODS member. After your first visit, you will be an **established** patient, or patient of record. Once you are an established patient, your PCD will provide emergency dental care 24 hours a day, seven days a week.

Changing your PCD

You may change your PCD two times every year. To choose a new PCD, use the provider directory at the end of this handbook. Be sure to have each eligible member of your family choose a PCD. Each person can have a different provider.

DHS Medical Care ID card

The Department of Human Services (DHS) Division of Medical Assistance Programs (DMAP) will send you a Medical Care ID card when you first enroll in the OHP. Each OHP member in your household will receive his or her own card. Take your card with you to medical or dental appointments. If you lose your card, contact your DHS worker or Client Services at 1-800-273-0557 to get a new one.

DHS also sends you a coverage letter that shows your case worker's ID and phone number, your benefit package and enrollment information. The letter shows information for everyone in your household who has a DHS Medical Care ID card.

ODS Dental ID card

We send each ODS member an ODS Dental ID card along with your Member Handbook. This card is important because it identifies you as an ODS member and has other information for you and your providers. It tells you what to do in an emergency and lists Customer Service phone numbers. Be sure to show your ODS Dental ID card and DHS Medical Care ID card each time you go to the dentist. If you lose your ODS Dental ID card, call Customer Service at 800-342-0526 to request another card.

Dental clinic assignments

Members who live in Clatsop and Columbia counties:

Contact one of these dental clinics for care. Your ODS Dental ID card and welcome letter also list your dental office and the contact information for making appointments.

Tyack Dental Group
433 30th St.
Astoria, OR 97103
503-338-6000

Tyack Dental Group
400 SW Belair Dr.
Clatskanie, OR 97016
503-728-2114

OHP Standard plan members in Multnomah, Clackamas or Washington counties:

If you are on the *Standard plan* (there is a “B” in box 9B on your DHS Medical Care ID card), please contact this dental clinic for emergency dental care. Your ODS Dental ID card and welcome letter also list your dental office and the contact information.

OHSU Russell Street Dental Clinic
214 N Russell St.
Portland, OR 97227

Telephone: 503-494-6822
After hours: 503-494-6822

ODS assigns Standard OHP members in Washington, Multnomah and Clackamas counties to the Russell Street Clinic in Portland. But members may have a good reason for needing a different clinic. You may already have a different dentist, or traveling to the Russell Street Clinic may be difficult, or you may have some other reason for needing a different dentist. If so, call Customer Service at 800-342-0526 and ask ODS to assign you a different dentist.

GETTING CARE

How to make a dental appointment

- Call your PCD during office hours (normally 9 a.m. to 5 p.m.). If you need your PCD's number, check the provider directory or call Customer Service.
- Tell the office you are an ODS OHP member and why you need to see a dentist.
- If possible, give your PCD a phone number where you can be reached.
- Remember to take your DHS Medical Care ID card and ODS Dental ID card with you to your appointment.
- If you need language or sign language interpretation, tell the clinic staff. They can arrange for an interpreter to come to your appointment.
- If you need help getting to your appointment, call your DHS worker in advance. Your DHS worker may be able to help you get transportation.

If you cannot keep your appointment

- Call your PCD as soon as you can and tell them you cannot keep your appointment. The office will reschedule your appointment and make the cancelled time available for someone else.
- If you miss too many appointments, your PCD may dismiss you as a patient.

Interpreter services

If you are hearing or sight impaired or need help understanding or speaking English, your provider will arrange interpreter services for you. You may also call ODS Customer Service for help.

When calling ODS, tell our Customer Service representative what language you speak and he or she will get an interpreter on the phone to help you.

Referrals for specialty care

If you need specialty care, your PCD will decide whether you should see another provider and will write a referral. ODS must approve the referral before you can go to your appointment.

Prior authorization

Some services **do require** a referral and/or prior authorization from ODS. Your PCD will contact ODS to request authorization for these services:

- Out-patient hospital dental services
- Oral surgery
- All specialist services

Some services **do not** require a referral or prior authorization, and you can see any ODS plan provider. These are some examples:

- Pediatric dentist (may be your child's PCD)
- Denturist care

After-hours dental care

Call your PCD after hours for urgent or emergency dental conditions only. If you need dental attention or advice when your PCD's office is closed, call the PCD clinic phone number. There will be an answering service or instructions on how to reach your dentist in case of an emergency. Identify yourself as an ODS OHP member. You will be given advice, a referral or treatment right away.

For routine advice and appointments, call your PCD's office during business hours.

Urgent dental care

An urgent dental condition is serious enough to be treated right away but does not require emergency room care. If you have an urgent dental problem, call your PCD's office. Examples of urgent dental conditions are:

- A toothache
- Swollen gums
- A lost filling

It can take up to two weeks to get an appointment for an urgent condition. When you call or visit your dentist's office, the dentist will decide how to treat you and make an appointment based on your needs.

Emergency dental care

Emergency care is covered 24 hours a day, seven days a week. In a dental emergency, call your dentist day or night. Speak to the dentist on call even if he or she is not your primary dentist. You don't need prior authorization to get emergency care.

A dental emergency, like the following examples, requires immediate treatment:

- A tooth has been knocked out
- You have severe swelling or infection in the mouth
- You have severe tooth pain (pain that keeps you from sleeping, or does not stop when you take over-the-counter medicine such as aspirin or Tylenol)

If you go to the emergency room for non-emergency services, you may be responsible for the follow-up care. You should call your PCD's office to schedule any follow-up care you need.

Emergency dental care away from home

For an emergency while you are away from home, call ODS before you get services, if possible. If you receive emergency dental care out of the area have the dentist send us a detailed bill and chart notes showing a dental emergency. Information must show that a dentist on our Plan was not available to provide the dental care.

Covered OHP services to stabilize the emergency will be considered. Follow-up care is **NOT** an emergency. Call your primary care dentist for follow-up care, if needed.

OHP BENEFITS AND SERVICES

Non-covered services

Not all dental care is covered. When you need care, contact your PCD. If you have questions about what your plan covers, call Customer Service at the number above.

If you receive a service that is not covered, you may have to pay the charges. You need to sign an agreement before your dentist can bill you. The agreement must:

1. Be signed before having any work done.
2. State the non-covered services you want to have done.
3. The cost you agree to pay for the services.

Remember, if you get non-emergency or non-urgent services from a non-ODS provider, you may be billed for the charges.

The following services are not covered:

- Porcelain crowns on back teeth
- Buy-ups

A buy-up is when a member pays the difference between an item OHP covers and a more expensive, non-covered model. For example, OHP may cover a steel crown, but a member wants a more expensive crown that is not covered. The member tries to buy up by paying the difference between what OHP covers and what the dentist charges. This is not allowed. If a non-covered service is performed, OHP will not pay any amount on it.

OHP Plus

The OHP Plus plan has different benefits for two different groups.

Pregnant women and members under 21 years old:

These OHP Plus members are covered for the full range of dental services, including preventive and restorative care.

Non-pregnant women and members 21 years and older:

These OHP Plus members are covered for preventive care and some restorative care, as explained below.

Preventive care

Both OHP Plus plans cover preventive care. Your PCD will provide general dental care and preventive care, which includes routine exams, X-rays and cleanings. Be sure to talk to your dentist about your schedule for checkups.

Preventive services include:

- Exams, cleanings (prophylaxis) and fluoride, twice in any 12-month period
- Bitewing X-rays, once in any 12-month period
- Full mouth X-rays or panoramic films, once every five years
- Sealants, covered for members 15 years old or younger, on permanent molars (back teeth) once every five years; see the tooth chart on page 12

Other covered services

You are covered for other services, as listed below. There are some differences depending on your age and whether or not you are pregnant.

- Fillings (amalgam and composite resin restorations)
- Extraction of teeth that are infected or abscessed, causing severe tooth pain or unusual swelling of the face or gums
- Root canal therapy for the anterior (front) teeth and bicuspid (the two molars closest to the front of the mouth) for all members
- Root canal therapy for first and second molar teeth (2, 3, 14, 15, 18, 19, 30, 31) **if you are under 21**
- Root canal therapy for first molar teeth (3, 14, 19, 30) **if you are 21 years old or older AND you are pregnant.**
- Stainless steel crowns for posterior (back) teeth once every five years **if you are under 21 or pregnant**
- Permanent crowns for anterior (front) teeth **if you are under 21 or pregnant**; you are allowed four permanent crowns in a seven-year period
- Partial dentures, if you are missing one or more anterior (front) teeth or six or more posterior (back) teeth; replacement once every 10 years
- Complete and immediate dentures if you are 16 or older
Complete dentures are **allowed once per lifetime** and covered only if they are placed within six months of your last extracted tooth (lower or upper arch). If you have a partial denture, your complete denture will be covered only if it has been at least 10 years since you had your partial denture.

Prescription medications

Your OHP medical plan (not your dental plan) covers required prescription medications ordered by your PCD.

OHP Standard

The OHP Standard plan has limited benefits. Services are covered only when you have a dental emergency. Call Customer Service at 800-342-0526 (TDD/TTY: 711) if you have questions about what your plan covers.

See benefit information in the chart on the following pages.

Complete the Administrative Hearing Request form and return it to DMAP, your DHS worker or the nearest DHS office within 45 days of the date of the denial.

You have the right to continue services during the hearing process, but you will have to pay for those services if the appeal denial is upheld.

You may be able to get help with transportation if you have no way to get to a dental appointment. Call your DHS worker in advance to arrange for transportation.

Help with quitting tobacco use

Services to help you quit using tobacco are a covered benefit for all OHP members through your OHP **medical** plan. Call your primary care provider or your OHP **medical** plan customer service and tell them you would like help.

Member disenrollment request

OHP members may ask to change managed care plans at certain times. If approved, the change will take effect on the first of the month following DHS approval. Talk to your caseworker about changing plans.

Plan disenrollment request

The following may cause you to lose your ODS coverage:

- Losing your eligibility through the Oregon Health Plan
- Moving out of the ODS service area
- Committing fraudulent or illegal acts
- Being abusive to staff or property

DMAP Oregon Health Plan Client Handbook

Refer to the DMAP Oregon Health Plan Client Handbook for additional information on the Oregon Health Plan that may not be included in this handbook. Call the OHA Statewide Medical Processing Center at 1-800-699-9075, TTY 503-373-7800, to have a copy mailed to you. You can read it online at <http://www.oregon.gov/OHA/healthplan/clients/main.shtml#handbook>

INFORMATION AVAILABLE UPON REQUEST

ODS Community Health, Inc.

If you would like information about The ODS Companies' structure and operation, visit our website at www.odskompanies.com or call ODS Customer Service at 800-342-0526 (TDD/TTY: 711).

Physician reimbursement

You are entitled to ask if ODS has special financial arrangements with our participating dentists that can affect the use of referrals and other services. Call Customer Service for information about our physician payment arrangements.

THE ODS PROVIDER DIRECTORY

The following pages list the dentists who participate in the ODS OHP dental plan.

The list includes:

- Participating general dentists (primary care dentists)
- Participating pediatric (children's) dentists
- Participating denturists (for dentures; does not apply to Standard plan)

General dentists and pediatric dentists are listed in alphabetical order by county.

If you are hearing or sight impaired or have difficulty understanding or speaking English, your dentist will coordinate interpreter services for you.

ODS makes corrections, additions and deletions to its provider directory monthly. To make sure the provider you select still participates with ODS, go on online to our provider search at www.odscompanies.com and click on "Find Care" or call Customer Service at 503-243-2987 or 800-342-0526, TTY 711.
