

## Q: What is WW?

**A:** WW is **Weight Watchers® Reimagined**. Our purpose is to inspire healthy habits for real life. For people, families, communities, the world, for everyone. No matter what your goal is—to lose weight, eat healthier, move more, develop a more positive mindset, or all the above—we will bring you science-based solutions that fit into your life. WW welcomes everyone who seeks to be healthier, not just manage their weight.

## Q: Why is OEGB partnering with WW?

**A:** OEGB has teamed up with WW to bring you a program that gives you real-life solutions to get healthier at no cost to you! OEGB medical plans cover 100% of the program cost.

## Q: Who can take advantage of the WW Offerings?

If you are a current WW member and switch to OEGB medical carriers (from Kaiser Permanente to Moda Health or vice versa), you will need to re-enroll in WW under your new carrier to continue to receive OEGB's WW offering.

## Q: If I'm a current WW member am I eligible for OEGB's WW program?

**A:** Of course! As long as you meet the eligibility requirements for OEGB's offering, you can link your current account as part of the OEGB registration process. If you have any issues, call WW at 1-866-531-8170 for assistance with linking your accounts.

## Q: If I register for WW, will my membership and weight information be kept confidential?

**Q: What is Kurbo?**

**A:** Kurbo is a mobile health and weight management program specifically for kids and teens that combines the use of a mobile app with expert health coaching to help members build healthy habits, for life. Our program is based on 30 years of research supporting kids and teens in achieving their health and weight management goals.

**Q: How do members take advantage of the Kurbo program?**

**A:** The two main components of Kurbo are a mobile app, which includes a food and activity tracker, educational videos and fun games, and a Kurbo health coach, who provides personalized tips and encouragement. Participants meet with their coach via FaceTime or Skype weekly and can also contact their coach anytime via in-app messaging. Progress is monitored through an online dashboard.

**Q: How do you ensure privacy and security?**

**A:** Any information collected about Kurbo participants is used for Kurbo program purposes only. We conduct background checks on all health coaches.

**Q: How do I talk to my child about trying Kurbo?**

**A:** We suggest presenting Kurbo to your child as a fun, interactive tool that will help your whole family get healthier. You can suggest it in a way that doesn't single out any one child. We often find that if a child is willing to try one coaching call, they are more willing to participate. We know that every family's situation is unique. Please contact Kurbo at 1-866-531-8170 to talk to one of their expert coaches if you have additional questions.
