

2015 Specialty Medication List

*An evidence-based pharmacy
program that works for you*

All specialty medications, including those listed below, require a Prior Authorization before they can be dispensed.

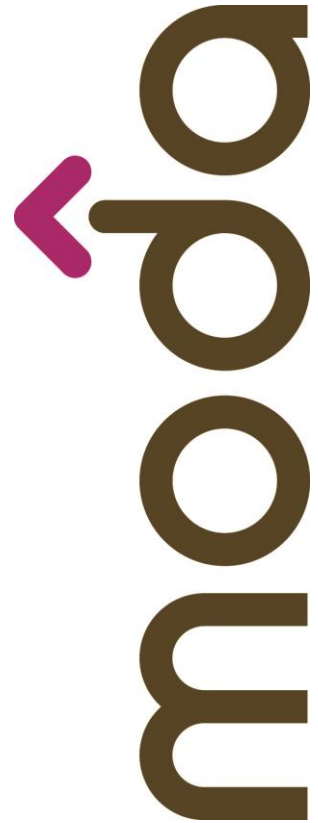

Prior Authorization (PA) refers to the process by which a member obtains approval from Moda Health prior to Moda Health processing the payment for a specific drug. To request a Prior Authorization for your specialty medication, please contact Moda Health Pharmacy Customer Service and we will work directly with your healthcare provider to complete this process. Failure to obtain required authorization may result in payment denial for your medication.

For a complete list of drugs that require authorization, log into your myModa account at modahealth.com (after your effective date of coverage) or contact Moda Health Pharmacy Customer Service toll free at 503-265-2911 or 866-923-0411.

Please note, this list is updated as new drugs enter the market and is subject to change. Specialty medications must be accessed through the exclusive specialty pharmacy. To enroll with Ardon call 855-425-4085.

Preferred Specialty Medications
