

Manual: Reimbursement Policy

Policy Title: **Molecular Pathology Procedure (MPP) Codes (a.k.a. Genetic Testing) - ARCHIVED**

Section: Laboratory & Pathology

Subsection: None

Date of Origin: 1/19/2012 **Policy Number:** RPM017

Last Updated: 2/3/2017 **Last Reviewed:** 2/9/2017

NOTE: POLICY ARCHIVED

This policy has been archived, because it is no longer relevant. Starting 1/1/2013 the CMS coding and fee schedule rules for MPP services are in sync with the CPT MPP codes, so there is no longer a need for a Reimbursement Policy to clarify this topic.

Beginning 1/1/2013, CMS again began recognizing the current CPT Molecular Pathology (MPP) codes, or "Genetic Testing" codes. At that time CMS announced the MPP procedure codes will not be listed on the Medicare Physician Fee Schedule, but rather on the Clinical Lab Fee Schedule.

Should information be needed on billing, coding, and processing policy for MPP in 2012, please contact Moda Health and provide the relevant claim number and date of service and request the archived policy information. A 2016 version of this policy containing the archived information applicable to this time span will be obtained and provided to you.
