Better plans for the real you

You have a lot to think about when choosing the right medical benefits for you and your family. Our preferred provider organization (PPO) plans connect you with your primary care provider (PCP), who works closely with the rest of your care team (other providers, specialists, etc.) to help you achieve better health and wellness.

To help you manage your health, you will be required to select an in-network PCP. By establishing a relationship with a PCP, we can work together to achieve your health and wellness goals based on your history and preference.

Our plans support your personal healthcare needs through partnerships between you, Moda, and your in-network providers. Once you've selected a PCP, our plans use the Affinity Network to provide cost-effective, coordinated care on your journey to better overall health.

Affinity Network

The Affinity Network is designed to offer a personalized care experience that helps members, like you, find their way to better care, value and health.

As a member, you choose from a list of in-network quality care providers. With Affinity, you can quickly access care that's right for you.

How to select an Affinity PCP

As part of your enrollment, an in-network PCP must be selected for each applicant.

To choose an in-network PCP, go to modahealth.com/shop to search for an Affinity provider or confirm that your PCP is in-network. Once you've selected your provider(s), enter the name in the subscriber and dependent information sections of the member application.

How your health plan works

Knowledge is power. When you get to know your plan, you can get the most out of your benefits. As your partner on the journey to better health and wellness, we're here to help you feel your best and empower you to live your best.

Preventive care matters

Regular checkups are vital to staying well. And, when you feel good, it's easier to create healthy moments. Preventive care services include:

- Preventive health exams
- Well-baby care
- Women's annual exams
- Many immunizations
- Colorectal cancer and other screenings

Medication tiers offer ways to save

All of our medical plans include prescription benefits. These benefits connect you with our Preferred Drug Program, a way to save money on safe and effective prescription medications. Through the program, plans cover prescriptions by these medication tiers: value, select, preferred, brand and specialty. Each tier has a copay or coinsurance amount set by the plan.

To see medication tier coverage amounts, check the plan benefit tables in this brochure. You can visit modahealth.com/pdl and choose "Individual/Family" to search medications and find out your medication tiers and your costs.

Pediatric vision care

Vision care is limited to members under age 19. Members get the best benefit by seeing a licensed, in-network provider. Embedded pediatric vision coverage comes with all Moda Health individual plans in Oregon.

HDHP plans

Our high-deductible health plan (HDHP) is compatible with a health savings account (HSA). Having an HDHP gives you the flexibility and choice to use tax-free funds for eligible healthcare expenses. You can use HSA tax-free dollars to pay for deductibles, coinsurance and other qualified expenses not covered by your health plan. Simply check to see if your financial institution has an HSA option.

Deciding on a plan

Plans vary by premiums, deductibles, copays and coinsurance. Understanding these factors can help you pick the right plan for you.

Generally, you'll pay more for covered doctor visits and other services with a lower-premium plan. A higher-premium plan shares more of those costs, so you'll pay less out-of-pocket for care. Metallic levels (listed below) can help you narrow down what you'll pay each month for coverage.

Metallic levels

- **Gold plans** typically have higher premiums, but they cover more, too – about 80 percent of the total average cost of care.
- **Silver plans** sit somewhere in the middle, covering around 70 percent of the total average cost of care.
- **Bronze plans** provide a little less coverage – about 60 percent of the total average cost of care – but have lower monthly premiums.

Medical networks protect you

All plans include the Affinity Network

Each medical plan in this brochure provides you access to a provider in the Affinity Network. This is a group of licensed medical professionals, clinics, pharmacies, labs and hospitals. These providers offer quality care and services to our individual members who live within the Affinity Network service area.

When you shop for a plan, make sure the Affinity Network serves your area. The map shows the network's coverage area.

In- and out-of-network providers

It's important to remember that you may pay more for services from out-of-network providers than from in-network providers. Out-of-network providers may also bill you for the difference between your maximum plan allowance and their billed charges. This is known as "balance billing." In-network providers don't do this. See our plan summaries to learn more about in-network and out-of-network benefits and costs. The Member Handbook will have more details. You can download this directly from modahealth.com. For further assistance, please contact us.

Is your provider in the Affinity Network?

Find out by visiting modahealth.com/shop and look for providers near you. We continually adapt our provider networks to better meet your needs. Be sure to check and see if your provider is in-network.

Our pharmacy network

Members get the best benefit by using the MediImpact Pharmacy network. Pharmacies in this network are contracted to offer prescriptions at agreed-upon prices. Filling a prescription at an out-of-network pharmacy may cost you more.

We also offer mail-order pharmacy services through Postal Prescription Services (PPS) and Walgreens.

2018 Provider networks

Affinity Network

Placing patients at the center of healthcare delivery, this PPO network provides customized care for members that want to manage their health in close partnership with a PCP. Affinity includes a community of primary care providers and specialists working together with Moda to provide quality care at affordable costs.

Please note, if your dependents live outside of the service area but still in the state or Oregon, they must receive services within the service area to receive in-network benefits.

Travel network – First Health Network

When you hit the road, care is never far away. While traveling outside of Oregon, members can receive emergency or urgent care through the First Health Network, which is paid at the in-network amount. Other covered care received while traveling is paid at the out-of-network amount. Traveling for the purpose of seeking care does not qualify for the travel network benefit.

Outside the United States, members may access any provider for emergency or urgent care. This care is subject to balance billing. Other care received outside the U.S. is not covered.

Quality coverage for your smile

Healthy teeth are happy teeth. With our individual and family Delta Dental of Oregon plans, you'll have access to Delta Dental, the nation's largest dental network, wherever you go.

Dental benefit highlights

Our Delta Dental of Oregon plans connect you with great benefits and quality in-network dentists throughout the state. You can count on:

- No waiting periods for Class 1 services
- Savings from in-network dentists
- Cleanings every six months
- Predetermination of benefits if requested in a pretreatment plan
- Fast and accurate claims payment
- Superior customer service

Our dental plans also include useful online tools, resources and special programs if you need a little extra attention for your pearly whites.

Statewide coverage options

We offer a variety of plans so you can find the right fit for you. Choose from three types of dental plans.

Delta Dental PPOSM plan

This plan offers a broad range of both services and providers. You receive in-network benefits when seeing a Delta Dental PPO Network dentist. For out-of-network benefits, you can save money by seeing providers in the Delta Dental Premier Network. In both cases, providers accept the Delta Dental contracted fee, so there will be no balance billing.

Delta Dental Exclusive PPOSM plan

This plan gives you a higher level of benefits than the PPO plan, but you must see Delta Dental PPO-contracted providers to receive a benefit. This exclusive provider option does not pay for services provided by a Premier or non-contracted dentist. Care from providers outside this network is not covered.

Delta Dental PPO Bright SmilesSM plan

This PPO plan is available for all individual members, but benefits only cover children under age 19. It allows anyone to meet federal requirements for pediatric dental coverage. You receive in-network benefits when seeing a Delta Dental PPO Network dentist. For out-of-network benefits, you can save money by seeing providers in the Delta Dental Premier Network. In both cases, providers accept the Delta Dental contracted fee, so there will be no balance billing.

Enroll in a dental plan

To enroll in a dental plan, please see "How open enrollment works" on page 8.

Delta Dental networks go where you go

Each Delta Dental of Oregon plan comes with a Delta Dental statewide network. It includes thousands of dentists with statewide and national access.

In-network dentists agree to accept our contracted fees as full payment. This means they don't balance bill – the difference between the allowed amount and the dentist's billed charge. This can help you save on out-of-pocket costs. If you see providers outside the network, you may pay more for care.

Delta Dental PPO Network

This is one of the largest preferred provider organization (PPO) dental networks in Oregon and across the country. It includes more than 1,300 participating providers in Oregon and offers access to over 105,000 Delta Dental PPO dentists nationwide.

Is my dentist in the network?

To find out, visit modahealth.com/PPOdentists. Choose a dental network and look for participating dentists in your area.

Calculate what you pay each month

As your healthcare partner and your guide to accessing quality care, we're here to help you understand the amount you pay each month for coverage. If you want great benefits and value, our plans may be the right fit for you.

What affects your premium?

The plan, your age and the ages of your dependents affect your premium amount. Only up to three children under age 21 are included in the premium. For medical plans, your rating area, or where you live, also matters. The maps on page 21 show the rating area locations and list the counties in each rating area.

If you qualify for federal financial assistance, it may cover some of your premium. To find out what you'd pay with this assistance, visit the Marketplace at HealthCare.gov.

How your premium could change

2018 premiums are effective Jan. 1, 2018, through Dec. 31, 2018. Your premium could change during the plan year if you add a family member through a special enrollment. If that happens, in most cases the new premium is effective the first of the month following the special enrollment event. Your premium may also change if you remove a family member. Having a birthday during a plan year won't affect your current premium. When you renew your plan in January, your premium will reflect the current plan amount for your age.

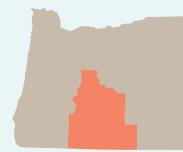

Yearly premium updates

We adjust premiums for individual and family plans each year. You'll receive a renewal notice 90 days prior to the new plan effective date explaining any updates.

Answers to your questions

What payment methods do you accept?

We accept electronic funds transfer (EFT) from a savings or checking account, and ACH (automated clearing house) payments, checks, cash and money orders. Just select the billing and payment option that is best for you:

- **eBill, our electronic billing service.** You can review your premium invoice and make payments online through myModa, your personalized member website. Your premium invoices will be paperless, and you can set up recurring payments or initiate a payment each month. Visit modahealth.com and follow the instructions to create a myModa account.
- **Electronic funds transfer (EFT).** There are three ways to sign up for EFT. You may complete the online application form, the paper application, or contact us and we can help you complete the authorization form. EFT takes place around the fifth of the month and typically takes one or two days to post to your account. Your initial payment may occur on a later date if the enrollment is processed after the fifth of the month. Your premium invoice will be paperless, located in the eBill section of myModa.
- **Paper bill.** We'll send you a paper bill in the mail every month. You can mail back your payment in the enclosed envelope or make a payment through eBill.

How will I make my first premium payment?

You'll receive your first premium invoice prior to your effective date, either by mail or by email. If you enrolled directly through us, use the payment method you chose during enrollment to pay your premium. If you enrolled through the Marketplace, HealthCare.gov, make your payment using one of the methods listed in your welcome letter. Once your first invoice is ready, you can log in to myModa to manage your payment method and set up recurring payments with eBill.

Future invoices will arrive around the tenth of each month and payments are due by the first of the following month.

Can my employer pay for my individual coverage?

Individual plans cannot be employer sponsored plans but small employers may offer a Qualified Small Employer Health Reimbursement Arrangement (QSEHRA) and pay for individual plan premiums. Check with your employer if this option is available and how reimbursement is made. Otherwise, you will be responsible for paying your monthly premiums directly to Moda.

Do plans cover alternative care?

Yes, some Moda Health medical plans include alternative care benefits. These cover medically necessary acupuncture and spinal manipulations. Check plan summary tables for specific benefit amounts per year.

Can I get massage therapy covered?

No. Medical plans do not cover massage therapy.

Can I see a naturopath under my plan?

Yes. Office visits with a naturopath are covered at the specialist office visit amount. However, if your naturopath is a credentialed PCP, your visit may be paid at the PCP office visit level.

Can I switch to a different plan at any time?

No. You will only be able to change medical and/or dental plans during open enrollment. If you experience a qualifying event, such as getting married or moving to a new state, you may be able to apply for special enrollment outside of the open enrollment period.

Which plans can I purchase through the federal Marketplace?

You can enroll in all Moda Health individual medical plans through modahealth.com/shop and HealthCare.gov. To enroll in a Delta Dental plan through HealthCare.gov, you must enroll in a medical plan at the same time.

Check the plan summary tables in this brochure for the "plan enrollment options."

Healthcare lingo explained

We realize that health plans can be confusing, so we've made you a cheat sheet of sorts.

To find even more definitions, along with the uniform Glossary of Health Coverage and Medical Terms, visit the Learning Center at modahealth.com/shop. For free print copies of the glossary or plan summaries of benefits and coverage, contact Moda Health toll-free at 855-718-1767.

Balance billing

Charges for out-of-network care beyond what your health plan allows. Out-of-network providers may bill members the difference between the maximum plan allowance and their billed charges. In-network providers don't do this.

Coinurance

The percentage members pay for a covered healthcare service after they meet their deductible. For example, they may pay 20 percent of an allowed \$200 charge, or \$40.

Copay (copayment)

The fixed amount members pay for a specific covered healthcare service, product or treatment, usually at the time of receiving it. For example, they might pay \$25 for a doctor visit.

Deductible

The amount members pay in a calendar year for care that requires a deductible before the health plan starts paying. Fixed-dollar copays and prescription medications may not apply toward the deductible. Disallowed charges do not apply toward the deductible.

Dental annual maximum

The maximum dollar amount a dental plan will pay toward the cost of dental care for members ages 19 and over within a calendar year.

Evidence-based practices

Healthcare options or decisions that research shows work best, are most cost effective and consider the patient's needs and experience.

Out-of-pocket costs

What members pay in a calendar year for care after their health plan pays its portion. These expenses may include deductibles, copays and coinsurance for covered services.

Out-of-pocket maximum

The most members pay in a calendar year for covered care and services before benefits are paid in full up to the allowable amount or up to any visit or dollar limit. Once members meet their out-of-pocket maximum, the plan covers eligible expenses at 100 percent. The out-of-pocket maximum includes deductibles, coinsurance and copays. It does not include disallowed charges or balance billing from out-of-network providers. For dental plans, only pediatric services have an out-of-pocket maximum.

Pediatric dental

A medical or dental plan benefit that covers dental care for members under age 19.

Pediatric vision

A medical plan benefit that covers vision care for members under age 19.

Pharmacy medication tiers

All Moda Health medical plans include prescription benefits. These benefits connect members with our Preferred Drug Program, a way to save money on safe and effective prescription medications. Through the program, plans cover prescriptions by these medication tiers: value, select, preferred, brand, and specialty. Each tier has a copay or coinsurance amount set by the plan.

Value tier medications

Commonly prescribed medications for chronic medical conditions that are more affordable compared to alternative medications.

Select tier medications

Generic medications that represent the most cost-effective option within their category, and brand name medications that are both clinically favorable and cost-effective.

Preferred tier medications

Preferred medications, including specialty preferred medications, which have been reviewed by Moda Health and found to be clinically effective at a favorable cost when compared with other medications in the same therapeutic class and/or category. This tier includes generic medications when they have not been shown to be safer or more effective than other more cost-effective generic medications.

Brand tier medications

Brand tier medications have been reviewed by Moda Health and found to have no significant therapeutic advantage over their preferred tier alternatives. These products generally have safe and effective options available under the value, select and/or preferred medication tiers.

Specialty tier medications

Prescription medications that are often used to treat complex chronic health conditions. Specialty treatments may require special handling techniques, careful administration and a unique ordering process. Specialty medications may require prior authorization.

Preferred provider

A person or place contracted with a provider network to provide care. By choosing a preferred provider, member's out-of-pocket expenses will be less than if they choose a provider outside the network.

Preferred provider organization (PPO)

A type of provider network. For our plans, a PPO network includes providers contracted with us to offer in-network coverage at agreed-upon rates, with no balance billing.

Primary care provider (PCP)

The family doctor who treats members or coordinates their care to keep them healthy. Examples of a PCP include an M.D. (Doctor of Medicine), D.O. (Doctor of Osteopathic Medicine), nurse practitioner or physician assistant. These providers may practice primary care in the specialties of internal medicine, family medicine, general practice, geriatric medicine, pediatrics, obstetrics/gynecology or women's health. Each member must select an in-network PCP at the time of enrollment. Female members can pick a women's healthcare provider, and enrolled children may choose a pediatrician. Moda Health may assign a PCP to members who do not select one.

Special prescription fulfillment

Special handling for certain medications that require dispensing through an exclusive specialty pharmacy provider. These medications may include specialty tier and other tier medications that are often used to treat complex chronic health conditions.

Specialist

A medical provider specializing in a specific type of health condition or care. Specialists might include cardiologists, dermatologists, naturopaths not credentialed as PCPs, oncologists, urologists and many others.
