

Pack powerful
foods into your day
to feel your best.

Did you know that a healthy diet may help you avoid chronic diseases? Research shows that a diet rich in fruits, vegetables, whole grains, lean protein and non-fat dairy products may help prevent:

- Heart disease
- Diabetes
- Obesity
- Some cancers

For additional support, Moda Health offers tools and information to get well sooner and live well longer. Reach your dietary goals with the support of a nutrition expert. Get email answers to your questions about diet and weight loss, vitamins and minerals, chronic disease and foods for optimum health.
